

Minor Consent Form

Skin Sense welcomes minor teens to Skin Sense day spa. Treatments at our spas are designed for adult guests and typically involve physical contact by the therapist. We believe that a parent or guardian of a minor teen should be aware of and consent to the receipt by a minor teen of our treatments. Under North Carolina law, we are required to obtain a parent's or guardian's consent to the receipt by a minor teen of massage treatments.

By signing this sheet, you acknowledge that you are the parent or guardian of the minor identified below. You have been informed of the nature of the treatments provided by Skin Sense, and you have had the opportunity to ask questions about those treatments. On behalf of the minor, you authorize Skin Sense to provide treatments to the minor. This consent is binding on you and the minor.

If you are uncomfortable signing this form, please inform one of our staff, and we will attempt to reschedule the minor for a service other than a service that requires that you sign this consent.
